

WiFi - Ethernet communication module

General Description

Optional interface allows to communicate wirelessly with Photon S, maMoS analyser. This interface requires RJ45 connection and electric socket for power supply (230V, 50Hz)

Technical data

Wireless Standard	802.11b/g/n 2T2R 300Mbps
Antennas	Internal MIMO Antennas
Ethernet Port	1 x 10/100Mbps LAN/WAN
Wireless Modes	AP, Client, Router
Power supply	5V, 1A
