

### PGD-100 - main pump, diaphragm, SP620, brush motor; complete

#### General Description

#### Technical data

<b>Supply</b>	12 Vdc
<b>Current</b>	410 mA
<b>Free flow</b>	4.6 l/min

#### Drawings

All dimensions in [mm]

Technical drawings of the PGD-100 pump assembly, showing dimensions and components. The drawings include a perspective view, a side view, a top view, and a bottom view. Dimensions are provided in millimeters. A photograph of the physical component is shown in the top right. A schematic diagram at the bottom right shows a pump (P) connected to a capacitor (C). A small detail drawing of a bootlace ferrule is also present.
